

Wool Colors

Wool yarns are heathered, therefore no Pantone matching available

This color chart is for reference only. Actual shades of color may vary due to the color printer output or computer screen.

	Color Name		Color Name
	Charcoal		Sand
	Maroon		Stone
	Brown		Smoke
	Navy		Steel
	Black		Slate
	Military Green		

In Order to choose color of sock in illustrator:

The chart above consists of pattern swatches.

Use Eyedropper tool to pick up one of the patterns above and make the FILL color of the sock the color of the wool you want.

Heel, toe, and welt can be any other color from the wool chart as well. To change the colors, eyedrop from the above chart.
